Hyperbole Poem

Hyperbole is a technique in writing in which exaggeration is used.

When we exaggerate, we claim that something is much bigger or greater than it really is. For example, if I said "my dog is as fat as a house" or "I can run faster than the speed of light," I would most definitely be exaggerating.

EXAMPLE:

OUR CLASSROOM

Our classroom is
the best one in the world!

The students' smiles
go on for miles.

Our teacher's kindness
is deeper than the sea.

There's no other place,
including outer space,
in which I'd rather be.

Your Turn
