

GRADES 3-5 STOBER COMMUNITY GARDEN BINGO

Write your initials or name on each box of the garden/nature activity you complete. Once you get "BINGO" (five in a row), submit this to the Stober front office by Oct. 17th or at the Fall Fest Oct. 19th (garden will be open) for a chance to win a gift card to Em's Ice Cream.

Sketch a picture of the garden or something in it.	Using multiplication, count the number of bricks in the donor bricks.	Identify three non-living things that help the garden.	Notice differences and similarities between two plants.	Observe a bug for three minutes.
Design a new logo for the garden on the back of this paper.	Name five insects that help a garden.	Find and name three shapes you see in the garden.	Act out the growth of a seed in 10 seconds	Make up a story from the perspective of a worm.
Sing a song to a plant.	Sit down and watch the clouds pass overhead.	Visit the  Stober Community Garden	Choose a plant and write down at least five words to describe it.	Find something in the garden that starts with "S" "C" and "G"!
Identify 5 different things growing in the garden.	Clap or jump out the syllables in Stober Community Garden.	Write a friendly message to the plants.	Find a set of two things in the garden that match.	Is the garden North, South, East, or West of the outdoor classroom?
Act like a flower opening up, blooming, and enjoying the sun.	See which vegetables you can spot growing underground.	Read a story while in the garden.	Count how many shades of green you see.	Point to a stem and explain its job to someone.
